 m-usman-siddique

 usman-siddique

QA Engineer with 2 years of experience testing web and mobile applications across functional, regression, UI, and exploratory testing. Hands-on experience automating regression tests using Playwright & Python. Strong understanding of SDLC, STLC, and Agile/Scrum. Experienced in test planning, test case design, defect tracking, SQL-based database validation, API testing with Postman, and performance testing using JMeter.

Skills

- **Manual Testing:** Web & Mobile
 - **API Testing:** Postman
 - **Database Testing:** MySQL, SQL Server
 - **Performance Testing:** JMeter
 - **Mobile App Testing:** Android, iOS platforms
- **Test Case Management:** Zephyr, TestRail
 - **Test Automation:** Playwright with Python
 - **Bug Tracking:** Jira, Bugzilla
 - **Methodologies:** Agile, Scrum
 - **Version Control:** Git, GitHub

Experience

- **SQA Engineer**

SAT Japan

August 2024 - Present

SATJapan - Product-based automotive e-commerce platform for buying, selling & auctioning Japanese vehicles, connecting buyers and dealers globally via web and mobile apps (Android & iOS)

- Execute end-to-end functional, regression, and exploratory testing across web and mobile platforms.
 - Design test plans, execute structured test cases, and track defects in Jira across sprints.
 - Conduct cross-browser and cross-device compatibility testing to ensure seamless UI/UX.
 - Validate REST APIs using Postman for vehicle listings, auctions, authentication, & user workflows.
 - Validate data integrity in MySQL by cross-checking API responses against database records.
 - Maintain Playwright automation framework covering 5+ modules, reducing regression effort by 20%.
 - Collaborate with the QA Lead and developers to verify fixes and support release validation.
- **SQA Intern**

Cross Solutions

May 2024 - July 2024

SaaS Guru - Leading cloud certification platform offering expert-led courses & practice exams. Our team built & tested the Mock Exams module for pre-certification knowledge assessment.

- Collaborated with the QA team in testing SaaS modules including Mock Exams, and Course Library.
 - Created and executed test cases based on sprint requirements under QA Lead supervision.
 - Identified, logged, and supported retesting of defects using Jira.
 - Performed API validations using Postman for exam retrieval and result submission.

Education

- **University of Sargodha**

- Bachelor of Science in Software Engineering

CGPA 3.2 / 4.0

Certifications

- Playwright Python & Pytest for Web Automation Testing | **Coursera**

2026
- Master JMeter on Live Apps for Performance Testing | **Coursera**

2026
- IT Mustakbil Training Program (6 months) | **Systems Ltd**

2024
